## ABOUT

Since 1971, **BARRY MITCHELL'S ALBERTA FISHING GUIDE** (AFG) has been providing Albertans and visitors to Alberta with detailed directions to Alberta's lakes, rivers and streams, as well as what species of fish they can catch when they get there, and how big the fish are in that water body. Including detailed, regional maps, AFG readers have everything they need at their fingertips to explore Alberta's lakes, rivers and streams.

AFG is Alberta's number one source for informative, detailed articles from Alberta's finest fishing writers. AFG writers give detailed information about Alberta fishing destinations and what to do when you get there – we keep no secrets. AFG also maintains direct communication with Alberta's fisheries department to ensure information is up-to-date and relative both in print and online.
